EXPERIENCE

Front End Developer | Innovate Tech   06/2020 – 07/2020

Collaborated with front-end developers to fix the broken HTML pages translated from InDesign.

Improved the layout and design of the eBook site.

Web Developer Intern | Inbox IT solutions   09/2019 – 11/2019

Worked as a web developer intern, learned and improved technical abilities, researched and developed a web application using Laravel.

TECHNICAL SKILLS

- HTML
- CSS
- Figma
- SASS
- JavaScript
- Adobe XD

PROJECTS

Space Tourism Site

This is a website to promote space tourism and built with accessibility in mind with ARIA attributes.

https://ashishshresth.github.io/space-tour/

Meal Recipe Finder

A site that lets users find recipes from around the world. The data for the recipes are fetched from TheMealDB API using fetch API.

https://ashishshresth.github.io/Meal-recipes-finder/

Fylo Landing Page

A Frontend Mentor challenge, the layout for the website is made with Flexbox, Grid and JavaScript.

https://ashishshresth.github.io/fylo-dark-theme-landing-page/
